Cisterns - Local Distributors

For all vendors, look first at the listed manufacturer's website to find the tank(s) you're interested in, then call distributor for price, availability, delivery or pick-up options. Be sure to plan and source all plumbing connections you'll need before buying a tank.

admin@rainbank.info (360) 298-4719

Cisterns - Online Vendors

Online Cistern Vendors - Search "water cistern tanks" to find online vendors. You can find agricultural tank vendors by searching "polyethylene water storage tanks". Look for dark-colored, UV-resistant polyethelene tanks with all the fittings you need and be sure to verify the shipping costs before ordering - tanks are expensive to ship because of their size.

Premier Plastics Inc. www.premierplastics.com
